## About the Artist

**Producer | DJ | Fire & LED Flow Performer | Multi-Instrumentalist**

With UAE Golden Visa.

With strong media presence and a unique creative vision, UFOTigris stands out as a dynamic and versatile artist.

As a Producer, DJ, Fire & LED Flow Performer, and Multi-Instrumentalist my performance masterfully infuses a distinctive blend of music, mesmerizing flow arts, and live instrumentals. This combination crafts a truly immersive and engaging atmosphere, showcasing the power of creativity and artistic expression.

# PRODUCER AND DJ

## **Under my moniker Flash & UFOTIGRIS Project**

Celebrated for curating diverse sets that seamlessly blend various genres, UFOTIGRIS adapts effortlessly to the unique energy of any event.

This distinctive approach under the Flash & UFOTIGRIS Project showcases a deep understanding of music and an unparalleled ability to connect with audiences.

# MULTI-INSTRUMENTALIST

In my live sets, I create a harmonious fusion of traditional and electronic music by incorporating the enchanting sounds of a range of instruments from native and diverse cultures. The ancient and soulful tones of the Didgeridoo, Native American Flute and Tibetan Singing Bowls transport listeners to mystical realms, while traditional rhythms blended with modern beats are entwined with captivating melodies. Through this fusion of live instruments with immersive soundscapes, I evoke deep emotions and foster a profound spiritual connection with the audience.

# FIRE AND LED FLOW ART

I command the element of fire with awe-inspiring performances that ignite the night sky.

Through precise choreography, fearless artistry, and a deep connection to the flames, I mesmerize audiences with breathtaking fire shows.

Skilfully wielding props such as poi, staff, dragon staff, and fire star, I create a spectacle that is both thrilling and hypnotic.
